MINI AIR PRO 2

- Speed 25m/min
- No belt, less maintenance
- No compressor needed
- No Preheating, start right away
- Speed adjustable
- One button switch to different type (Filler/Wrapper)
- Works for film width 200mm,400mm, 600mm, 800mm

Specification

Weight: 9kgs
 Power: 240W
 Speed: 25m / min
 Voltage: 220V/110V, 50HZ-60HZ
 Size: L375*W340*H390(mm)

MINI AIR EASi 2

- Compact & Smart, speed 8m/min
- Film sensor built in, stop when no film
- No belt, no preheating
- Length preset. Works both filler & wrapper
- Capable with foot switch, arm stand and basket
- Fast and more efficient

Specification

Weight: 3kgs
 Power: 120W
 Speed: 8m / min
 Voltage: 220V/110V, 50HZ-60HZ

MINI AIR TUBE

MINI AIR TUBE 2 is an air column bag machine, it makes many different size and different type bags for your products, machine inflating bags automatically with high speed, save labor, save cost.

MINI AIR TUBE 2

Compact

- Film sensor detected, machine stop when no film
- Length preset
- Speed adjustable
- Fully air with perfect protection

- Works L bag, U bag, and tube pad

MINI AIR TUBE 2 Specification

- Weight: 18kgs
- Speed: 25m / min
- Power: 120W
- Voltage: 220V/110V, 50HZ-60HZ
- Size: L487*W402*H434(mm)

Both machines need to work with air compressor

MINI AIR TUBE 3

- Works Q bag, L bag, U bag, and tube pad

Cushion pad

MagiWrap Suspension & Retention packaging

One size fits to many different products, MagiWrap provided better packing experience for customer, as while as the better protection for your products.

- Direct show-case
- Space-saving
- Safety protection
- Eco-friendly

Durable & flexible film
Fixed your products firmly for safe delivery.

Applications:

- Artworks
- Lighting electronic
- Home appliances
- Instrument and apparatus
- Digital electronic products
- Cosmetics

Type	Box size (mm)	Product max size (mm)	Product max weight (Kg)	Suggested apply for
Retention package	200*100*100	180*85*80	0.8	Cellphone, Power bank, Hard disk

MINI FOAM Flexi & Flexi Plus

MINI FOAM Flexi system, which is easy to operate and save space, it can provide the suitable foam cushion for various shape of the products, good for any irregular shape and heavy products.

MINI FOAM Flexi Plus system is the upgrade version from Flexi, no need to hold the foaming gun manually, it has the auto cleaning function, can save the time and labor cost for cleaning. This device can control by foot switch, which makes the whole operation easy and efficient.

Applications :

◎ Artware & China ◎ Sanitary ◎ Lighting ◎ Electronic instrument ◎ Industrial components ◎ Medical Devices ◎ Auto parts

MINI FOAM Handy

MINI FOAM Handy is individual foaming bag which works manually. No need machine, easy to work, room temperature preservation, instant forming. It offers perfect protection for regular or irregular products with different shapes.

Product No.	10#	40#	80#
Size	350*410mm	460*580mm	530*620mm
Pack Info	100pcs/carton	50pcs/carton	40pcs/carton

Applications:

◎ Artwork & Porcelain ◎ Sanitary ◎ Lighting ◎ Electronic instrument ◎ Industrial components ◎ Medical Devices ◎ Auto parts

The warmer is available for very cold area, to make sure the better foaming for the bag.

Constant Temperature warming

Sound notice and light display when warming complete

MINI FOAM StarchFoam

MINI FOAM StarchFoam is made of compostable material. It can be foamed by its own under high temperature. The foaming process is environmentally friendly and safe.

100% starch, 100% compostable

It is made of Starch, totally home compostable.

Advantages:

- ⊙ Perfect Protection
- ⊙ Deodorization and Moisture Absorption
- ⊙ Products Fixed Well
- ⊙ Recyclable, easy to handle after usage (Animals' food, fertilizer, paste, toys, etc.)

Home compostable material.

Density: 13-40Kg / m3
Foaming Ratio :30-100 times

Applications: ⊙ E-commerce logistics. ⊙ Electrical appliances ⊙ Leather goods, shoes and bags ⊙ DIY Educational Toys.

SuperAir Dunnage Bag

SuperAir Dunnage Bag is made of kraft paper and high strength pp material, suitable for all transpiration delivery to fill gaps between pallets, protect all truck load products.
